

Greenwoods Zero Carbon Community

Central Bedfordshire

We are pleased to invite interested parties to a public exhibition where further details will be shared on the proposed net zero carbon community incorporating residential, education, later living and employment facilities supported by approximately 240 acres of open space including woodland.

Thursday 24th March, 4pm until 8pm

and

Saturday 26th March, 10am until 2pm

at Capability House, Building 31, Wrest Park, Silsoe, Bedfordshire, MK45 4HR

The project team look forward to answering any questions and receiving any comments you may have.
